DESCRIPTION

Duplex Vision is a new-build property laid out over two levels, with a linear, contemporary design both outside and in. This unit is delivered with 2 bedrooms and 2 bathrooms on a plot of 110 m². The model allows layouts of 1, 2 or up to 3 bedrooms, as well as open-plan areas.

The large front window brings natural light into the home for practically the whole day and makes the living room the centre of the house. The property is arranged over two levels, duplex style, connected by a staircase with wooden treads and simple, linear finishes.

Outside there is a front plot of 25 m² with the option of parking and a rear patio of 6 m². The development has a communal swimming pool.

It is located in Monte y Mar, in Gran Alacant, five minutes from the best-known beaches in the area. The connection with Alicante and the rest of the Costa Blanca is direct via the N-332 road and the A-7 motorway, and the airport is five minutes away by car.

Write to us to arrange a viewing or to answer any questions you may have about the property.
